About Shanghai

Not really needing an introduction, Shanghai is sexy, confident and one of the world's great cities. Shanghai is a great place to start your China adventure, or to locate for good. Our school is located downtown, next to Metro line 3, and is only a few minutes away from all this great city has to offer.

Accommodation

We recommend a Youth hostel, about a 2 minutes walk to the school. One of the nicest hostels we've been in, rooms are clean, affordable and the staff is friendly. There is a great bar for meeting new friends and lockers and security for all your belongings. Private rooms about 3000rmb a month, Dorms about 1500rmb a month

What else to do in Shanghai?

Shanghai's nightlife matches London's, and its culture matches Beijing's. But we know you are interested in studying Chinese and discovering Chinese culture so we offer language classes while you study your TEFL.
